QuickShip5

5 Day Express Delivery

When speed is the key, trust Teal to deliver on time and in full.

Order placed by 3pm

Products picked in warehouse

Order dispatched

Delivery, placement and unpacking

Packaging removed & returned to base for recycling

QS5

We know that there are occasions when you need a quick, flexible solution to your furniture requirements … for example, when a new ward is opening, following a CQC visit, or furniture has been damaged by service users.

And because we are a UK manufacturer with control of every aspect of the design, manufacturing and delivery of our products, we can offer a QuickShip 5 day express delivery service. This includes delivery to a ground floor or room location. Products are unwrapped and packaging removed, ready to use.

A select range of durable, healthcare appropriate fabrics have been chosen throughout, including some with Crib 7 Fire Retardant fabric. Only the products/fabrics shown are eligible for 5 day express delivery (UK mainland).

QS5 orders are subject to a £45 admin charge per order. Small orders below £500 will be subject to a small order surcharge of £60. Full T&Cs available at teal.co.uk

teal

A bit about us

100% designed. 100% British.

As a complete solutions provider we control every aspect, from product design and innovation, manufacturing, to logistics, installation and after-care. Products are also designed to be 100% recyclable.

MADE IN GREAT BRITAIN

QS5

Testing & Standards

Products are designed to and certified to exceed the relevant British and European Standards, with testing to BS EN16139 and other relevant standards.

Teal source contract fabrics from market leading European manufacturers with consideration for comfort, durability, infection control and aesthetics, tested to comply with BS5852 flammability (Crib 5/7), BS7176 high hazard. Foams are combustion modified high resilient fire retardant (CMHR).

Sustainability

Working alongside the Environment Agency we have created our own in-house recycling facility for old furniture, which is disassembled into components and segregated into waste streams for recycling. A certificate is issued to confirm recycling in an environmentally friendly manner.

HealthCare

Ward & Residential

NHS Ward & Residential Furniture: England & Wales 2017/S 056-10455
NHS SBS Design, Furniture and Appliances SBS/19/MA/TYX/9363
